Volunteers Sought for Plan of Conservation and Development Steering Committee

Westbrook, CT - The Westbrook Planning Commission is seeking interested community members to serve on a Steering Committee to guide the Plan of Conservation and Development update. In order to provide a broad base of participation, the committee will be comprised of representatives from various boards and commission, business owners and citizens at large. It is anticipated that the committee will meet monthly over a period of 2 years. Volunteers should plan on a time commitment of approximately 8 hours per month including meeting attendance and outside reading/research. The committee work will begin with a "Planning Primer" session and review of feedback gathered to date from the public workshop held in August of this year as well as from focus groups conducted in 1998. A general scope of the project can be found on the town web site at www.westbrookct.us. Those interested in serving on the committee should send a letter of interest to the Westbrook Planning Commission, 866 Boston Post Road or via e-mail to Town Planner, Meg Parulis at mparulis@westbrookct.us by October 17th. Appointments will be made at the Planning Commission meeting on October 20th.
